COMMANDO

A fierce guerrilla warfare is in progress deep in the jungle of a certain unexplored region.

A crack soldier called "Super Joe" who has undergone special training has received a highly secret mission and is about to enter this fierce war.

This highly secret mission is to annihilate the evil army that is attempting to extend its claws throughout the world and to destroy the base which is said to be impregnable.

Can Super Joe carry out this reckless almost impossible mission!

The battle field is divided into areas requiring various attacking techniques.

Iron walls must be passed to overrun these areas!

Super Joe's weapon consists of a rifle with unlimited shots and a hand grenade that requires replenishing.

Now it is up to your ability to destroy the enemy attacking from all directions!

The arch bridge is a dangerous spot, watch out for attacks from above!

Win high points by destroying enemy leaders and enemy headquarters!

BOOM!!

Win bonus points by rescuing captives!

Be careful of trucks and jeeps that will try to ram you!
